## Kenowa Hills High School 2019-2020 Annual Education Report (AER) Cover Letter

December, 2020

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2019-20 educational progress for Kenowa Hills High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Principal Nathan Robrahn for assistance.

The AER data is available for you to review electronically by visiting the following web site: [www.mischooldata.org](http://www.mischooldata.org) or you may review a copy in the main office at your child's school.

For the 2019-20 school year, schools were identified using definitions and labels as required the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was not given any of these labels.

These reports contain the following information:

**Student Assessment Data:** Kenowa Hills High School students scored above the State averages on the M-Step ELA and Math Tests. On the SAT Kenowa Hills was at the state average as well with a total combined score of about 1000.

**Accountability-Detail and Status:** Our participation rate in the assessments was equal to the state average (both greater than 95% participation). This gives a clearer picture of the overall performance of the school.

Kenowa Hills High School Graduation Rate has climbed steadily, far outpacing the State average, with a four-year graduation rate of 94% compared to the State of Michigan's Rate of 81%.

Kenowa Hills High School's On-Track Attendance Rate is also much higher than the State of Michigan average, 90% average attendance compared to 79% for the State.
